Legion Chief Dies in Crash in Indiana

Indianapolis, Ind., June 8.—[Special.] Milton J. Foreman of Chicago, who was colonel of the 122d field artillery during the war and who now is general in the Illinois national guard, was seriously injured in a motor car accident here early this morning.

In the same smashup Col. F. W. Galbraith Jr., national commander of the American Legion, was instantly killed and Henry Ryan, another national official of the Legion, was badly hurt. The automobile in which the three men were riding was struck by a Belt line train at a grade crossing.

Col. Foreman was taken to the city hospital at once and sent immediately into the X-ray room. Doctors reported that he was likely to recover.

Had Spoken at Meeting. The three men are national officers of the Legion and were in Indianapolis last night attending a meeting at national headquarters. Commander Galbraith, Col. Theodore Roosevelt Jr., and Col. Foreman were among the speakers.

Following the meeting Col. Foreman and Director Ryan, who is in charge of Americanization work for the Legion, got into Ryan's touring car. They were accompanied by the national commander. It is believed that the three officers were returning from a short tour of the paved roads near Indianapolis when the fatal accident occurred.

Down 20 Foot Embankment. The car was crossing the Belt line tracks when it was struck by an engine. It was hurled over the twenty foot embankment and partly demolished. Col. Galbraith was killed instantly. His body was taken to the city hospital in the ambulance with his two injured companions.

The first bulletin issued from the operating room of the hospital declared that injuries to both Col. Foreman and Director Ryan were probably fatal. Later reports announced that Col. Foreman was not fatally hurt. His injuries are supposed to be mainly superficial cuts and bruises.

Foreman in War and Politics. Col. Foreman is a Chicago lawyer who has long been identified with military affairs. Previous to the world war he was colonel of the 1st cavalry in the Illinois national guard. He has been active in municipal affairs.

Col. Foreman, much above the average in age of men active in the European war, won great distinction by his active service on the battle lines and endured the hardships of war just as the youngest of his command.

Elected Last Autumn. Commander Galbraith was elected as the leader of the American Legion at the national convention of the Legion, which was held in Cleveland on Sept. 23, 1920. The election was unanimous.

Galbraith was born in Watertown, Mass., May 6, 1874. He was commissioned a major in the Ohio national guard in 1916 and in the same year was promoted to colonel. He was assigned to command the 147th infantry in January, 1917, and remained in command of that regiment throughout the world war.

In civilian life Galbraith was head of the Western Paper Goods company of Cincinnati and was one of the leaders in civic organizations.

Driver Slain in Taxi War; \$5000 Reward

Chicago became a battlefield last night for a taxicab warfare when shortly after midnight P. A. Skirven, a Yellow Cab driver, was shot and killed, the police believe by men connected with the Checker company.

During the night there were at least four other shooting affrays in which taxi interests clashed. In two of the shootings reported passengers are said to have been menaced by the bullets.

The Yellow Cab company at 2 o'clock this morning offered a reward of \$5,000 for the arrest and conviction of the slayers of Skirven.

Skirven was standing in front of the Yellow Cab stand at Roosevelt road and Kedzie avenue talking to several chauffeurs. A large automobile, said by several witnesses to have been a Stutz, sped east on Roosevelt road.

Three of the occupants of the auto opened fire with revolvers. Over twenty-five shots were fired at the men standing on the sidewalk, one striking Skirven in the left side above the heart.

He was rushed to St. Anthony's hospital, where it was found he was dead.

Starts in the Loop. Until this morning the trouble had been restricted to minor assaults. It is charged that the attempt of the Checker company to take patronage from the Yellow Cab station at the Hotel Sherman precipitated the affray.

A number of Yellow drivers, according to Yellow officials, who had been instructed to maintain peace, were slugged. A Checker chauffeur was arrested. Among the clashes reported to the police were these:

William Koscoff, a Checker taxicab chauffeur, living at 1539 South Ridgeway avenue, was arrested by Capt. Patrick Lavin during an attack at the Hotel Sherman taxi stand.

A Yellow driver named Lawrence is reported to have been shot after 2 o'clock this morning at Logan square and Milwaukee avenue. He was hit in the foot.

Hertz Declares War. "We have gone just as far with the murderous methods of the Checker Taxi company as we intend to," said John Hertz, president of the Yellow Cab company, early today.

"It has only been comic opera warfare until tonight, but from now on it is going to be a fight to the finish. We feel that we might just as well end the whole business right now."

"In addition to offering a reward of \$5,000 for the slayers of Skirven, I am going to the state's attorney this morning and insist on a full investigation by the grand jury of the Checker Cab's entire crooked business."

"We warned the chief of police on Saturday that the warfare would be started on Monday at the Sherman. We knew it had been planned for weeks and took what steps we could to prevent serious trouble."

Climax of Old Fight. "The whole thing is a climax to a fight which was started six months ago. Many of the Checker drivers are former employees of the Yellow Cab company, dismissed for inefficiency, dishonesty, or worse. Naturally they hate the company."

"The Yellow Cab company for seven years has been conducting a dignified and difficult business, giving a service to Chicago that is not equalled by any other transportation company in the world. It isn't a game with us. We are working hard for the best interests of the city and we do not propose to be interfered with one minute longer."

MEASURE FOR 10 ROUND BOUTS; SENATE TO ACT

Board of Trade Bill Near Its Death.

ACTION IN SPRINGFIELD

In the Illinois legislature yesterday the house, by a vote of 88 to 40, passed the bill permitting boxing. It goes to the senate now.

The house postponed action on the Lantz bill, 283 (anti-Board of Trade), until Tuesday and the bill is considered to be beaten.

The house passed the prohibition bill, which now goes to the governor. The senate knocked out Gov. Small's prohibition "commissioner"—a \$6,000 job—and put dry enforcement in the hands of Attorney General Brundage.

BY E. O. PHILLIPS.

Springfield, Ill., June 8.—[Special.]—This house tonight passed the boxing bill by a vote of 88 to 40. More than thirty downstate representatives joined Cook county members in rolling up a vote that surprised even enthusiastic supporters of the bill. The strong support is held a direct result of the sentiment created by the men who served in the army.

An identical bill, introduced by Senator Dailey, is pending on third reading in the senate. The belief is that the senate will pass the house bill.

The bill creates a state athletic commission of three members to be appointed by the governor, having overlapping terms of three years, with salaries of \$5,000 a year. A secretary shall be appointed for three years at a salary of \$4,000.

Will Control All Boxing.

The commission appoints such employees as it may deem necessary. All boxing exhibitions are to be under the direction of this commission.

The bill provides for the licensing by the commission of all associations holding boxing matches and of persons participating therein. Five per cent of the gross receipts of all matches shall be paid into the state treasury.

There shall be no matches on Sunday; no person under 18 years may participate; no match shall be of more than ten rounds, with a limit of three minutes to each round; gloves used shall be at least five ounces in weight; no sham or fake boxing is to be permitted; no decisions rendered; and each participant must submit to a physical examination before entering the ring.

Board of Trade Bill Loses.

Lantz bill 283, aimed against the Board of Trade, had rough treatment tonight in the house. By the vote of 76 to 68, the house postponed consideration until next Tuesday.

The statement was made by Lee O'Neill Browne, one of the floor leaders for the bill, that the motion kills the measure.

"This is the last chance for this bill," Browne said before the vote. "The purpose of this motion is to kill the bill. Postpone consideration and it is dead."

"That statement is not true," Representative Roe of Vandallia, who made the motion, said. "That is not the intention of the motion. I want the proposed amendments to be printed; so that we may know what it is all about."

Nine Amendments Offered. Representative Shanahan, in charge of the forces that oppose the passage of the bill offered nine amendments, only one of which was considered up to the time when the Roe motion was made. This one was a requirement that boards operating under the bill should be compelled to observe federal as well as state regulations. Roll call was demanded and the amendment was defeated 74 to 68.

The only time that the supporters of the bill showed enough votes to pass it, was on a motion by Representative Tice to suspend the rules. Proponents of the bill are gloomy tonight over the prospects.

Small Decisively Rejected.

Gov. Small took his first real defeat of the legislative session during the afternoon when the senate knocked out the proposed job of "prohibition commissioner," and left the business of enforcing the new bone dry prohibition law in the hands of the attorney general.

For two hours the senate was a raging turmoil over the issue. The line was drawn between the contending

\$500,000 A YEAR GRANTED WIDOW OF HORACE E. DODGE

Detroit, Mich., June 8.—[Special.]—Mrs. Anna Thompson Dodge, widow of Horace E. Dodge, the automobile manufacturer, was allowed \$500,000 for one year's living expenses, in the Probate court here today. The award was made by Judge Edgar O. Durfee as the result of a petition filed by Mrs. Dodge.

The petition declared that Mr. Dodge in the seven years preceding his death had spent more than \$1,000,000 annually for the living expenses of the family.

There are two children, Delphine Dodge Cromwell and Horace E. Dodge Jr. Mrs. Dodge told the court that she needed \$40,000 a month for her own support and to help support the son and daughter. Judge Durfee allowed an even \$500,000 for the year beginning Tuesday.

RELATIVES of the dead man refused to accept Michael Duveen's solution of the murder. See if you agree with the great detective.

THE 3 DEAD MEN By Eden Phillpotts

A fascinating story; BLUE RIBBON fiction

in Sunday's Tribune

1 SLAIN; 2 SHOT, IN BANDIT CHASE

Police Riddle Robbers' Stolen Auto.

In a desperately fought battle between gunmen and detectives, one supposed robber was killed, another is dying and a third wounded, as the climax to a two mile automobile chase last night.

The driver of the pursued car, a stolen machine, was shot through the heart. The automobile was fairly riddled with slugs from the shotguns used by the detectives. During the chase more than fifty shots were exchanged.

The dead man is John Janick, 26 years old, 1156 West 48th street. He is said to have been the leader of the quartet, believed to have figured in many of the recent holdups. Two men identified two of his pals as the robbers who had held them up.

Fire at Policemen. The trail of the alleged bandits was picked up at Archer and Francisco avenues by Detective Sergeant Egan and his squad, composed of Sergeants McCarthy, McFadden, Kennelly, and Murphy. The detectives were looking for a car of the description of the one driven by the men.

As the large touring car whizzed past the bureau automobile Sgt. Egan gave the word, "There they are, boys!" The chauffeur put on more speed and the detective car crawled up on the other. The men in the pursued machine opened fire.

Fires Double Barreled Volley. The detectives, crouching in the telephone booth and the shotguns. At 40th street and Francisco avenue the detectives drew alongside the other car and Detective Sergeant McCarthy let go a double barreled volley into the other machine. The driver pitched forward over the wheel and the car crashed into the curb.

Two of the men, John Pelish, 1230 West 49th place, and James Garbacia, 4855 South Elizabeth street, jumped from the car, but were captured after a short chase. Pelish had a bullet wound in the left leg.

The fourth man, Michael Tomecheki, 4853 South Paulina street, was found in the automobile unconscious with

several shotgun slugs in his back. He and Janick were taken to the St. Anthony hospital. Janick died shortly after reaching the hospital.

Identified by Auto Driver. The car was stolen Monday from Andrew Benedict, 5737 Kimbark avenue, at Garfield boulevard and Shields avenue, the police say. Benedict identified Pelish and Janick as two of the men who took his car.

Pelish is a brother of "Polak Joe" Pelish, the police say. Joe was arrested last year in connection with the murder of Detective Sergeant Frank McGurk, mortally wounded while guarding the pay roll of a south side vinegar company. He is now in jail.

The police believe they may be able to connect the gang with the holdup of the Lincoln tavern at Morton Grove Tuesday night, when dancers were stripped of money and jewelry totaling \$16,000.

forces and the wrangling came to a flat showdown between the two Republican factions.

"Let's strip this down and talk about the real thing in this affair," Senator Kessinger suggested.

"All right," Senator Buck replied. "It's whether this enforcement is to be kept by the attorney general's office or turned over to the city hall."

City Hall is Real Issue.

That became the text of the bitter speeches by each side. Senator Glenn, Murphysboro, led the offensive in behalf of Mr. Brundage. Senator Wheeler, who introduced the original prohibition commissioner bill, headed the forces for the state administration.

Mr. Wheeler delivered a virulent attack upon Mr. Brundage personally. He charged him with responsibility for alleged breakdown of law enforcement in Springfield.

"There are 304 illicit booze sellers within a three mile radius of the attorney general's office," he said, "and Brundage hasn't turned a finger to interfere."

Sensors Glenn and Dailey replied that there had been no legal request from any quarter that permitted the attorney general to interfere within Sangamon county.

A Little Pork in Bill.

The bill amended the administrative code law in several particulars, adding several offices, changed a few salaries and created the office of prohibition commissioner within the department of trade and commerce at a salary of \$6,000.

As the debate raged, it became evident that the administration couldn't muster the necessary twenty-six votes. The Democratic allies, upon whom great reliance had been placed in earlier crises, gave notice that they would vote for no such rigidly bound enforcement measure as the bone dry law and that they wouldn't vote to create the job of the official who would be expected to enforce it.

At 1:30 Senator Barr moved for a recess. All through the afternoon senators were called to the governor's office, where the pressure was applied by the executive himself and all of his lieutenants.

Pressure Falls to Produce.

They couldn't make the grade, however, and at 6 o'clock they gave up the fight, one hour after the time set for the session to resume.

Senator Meents recalled the bill to second reading and struck out the section relating to the proposed prohibition commissioner, and the fight was over.

The house passed the prohibition bill by a vote of 22 to 42, or five more than was needed. Every dry man was in his seat when Representative Preston called it up. The bill now goes to Gov. Small, and he is expected to sign it.

The bill restricts the manufacture, transportation, possession and use of intoxicating liquors. It also amends the prohibition laws of Illinois to conform with the federal laws as laid down by the Volstead act and the eighteenth amendment.

Chicago Doctor Protests.

Springfield, Ill., June 8.—[Special.]—A bundle which he had contained 1,000 protests from Illinois physicians against the wine and beer section of the Illinois prohibition bill which passed the house today, Dr. H. Preston Pratt of Chicago arrived today to request Gov. Small to kill the bill by a veto. Besides the 1,000 letters, which he says were received in answer to a query sent out last Sunday, the doctor says there are 3,000 more in Chicago.

PASS SMALL TAX BILL

Springfield, Ill., June 8.—[Special.]—By a narrow margin of three votes the state administration's state tax commission bill was passed by the house tonight. Most of the county members and all of the Democrats voted against the bill. The vote was 29 to 17.

The administration had been forced to compromise on the size of the commission. It insisted on increasing the number from three to seven, but had to be satisfied with five.

Gov. Joseph P. Sweeney is the sole remaining member of the Lowden commission. If the bill that passed the senate today becomes a law it will automatically remove him.

Hard Blow for Chicago.

The bill is far-reaching. It was denounced as a terrific blow to Chicago. It authorizes the state commission to make an assessment of any property, real or personal, for any year where it believes that such an assessment is warranted. The commission is to act as a court of appeal, sitting at Springfield, from all taxing bodies in the state. It may order a general reassessment of property in any county and may go into a county and take charge of the original assessment. One of the members of the board of review of Cook county, after the bill's passage said that it leaves the board of review "only a rubber stamp."

The administration's primary bills were advanced to third reading in the senate. They change the date of the primaries for state and legislative and county offices from September to April. Some of the Chicago senators opposed them.

Brownie Libel Bill Killed.

The house session was taken up with the police pension bills and Representative Brownie's libel bill. Brownie's libel bill was finally killed. It received only 29 votes and 78 were cast against it.

There must be a reason!!

LUNDIN'S COUNTY COMMITTEE NEXT TO FACE ATTACK

Machine's Ward Leaders to Be Fought by Antis.

BY PARKE BROWN.

The new goal of the Republicans who backed the coalition judicial ticket last Monday probably will be to "clean house" with the members of the county committee who made it possible for Fred Lundin to nominate his hand-picked slate.

The Lundin state organization slipped into the state senate recently a bill which, if passed, would bring the election of the county committee up next April. It is considered probable that the bill will pass unless the Lundin organization, frightened by the results last Monday, concludes that next April is too soon for the voters to forget.

Aim at Schmidt, Ertman, Et Al.

And if the committee are to be elected, the anti-city hall Republicans will begin work at once to retire such ward representatives as George K. Schmidt of the Twenty-fifth, E. E. Ertman of the Ninth, and men of the same stamp, who enabled the Lundin forces to claim a majority with which to elect Charles V. Barrett chairman and pave the way for the "Barrett convention."

It has been concluded in the Brundage-Denison councils that the voters would actively support a movement of this sort to rid the party organization of "court raiders" in order to make complete the lesson taught the Thompson machine at the polls.

Democrats Against City Hall.

It is expected the machine is hoping to repeat in April its feat last year of winning a big majority of the wards in the committee fights. That committee was knocked out by the Supreme court decision in the Fox case, and in order to gain undisputed control, the machine will have to repeat.

This, the Brundage-Denison leaders say, is impossible without Democratic assistance, and there is none of that in sight for the city hall for some time to come. It is admitted generally the hall had considerable help in its sweeping but short-lived victory of 1920. But in the event of a similar contest in 1922, what Democratic help that could be given would go to the anti-city hall forces.

Antis May Seek New Blood.

In getting ready for the contest, there is discussion in some wards of the advisability of the retirement of some of the old "war horses" in favor of younger men in order to get new blood into the anti-city hall forces.

The theory is advanced that Thompson might defeat these veterans if they themselves were candidates, while younger men, able to make more vigorous and detailed personal campaigns, could win with their backing.

Duke Debates Socialist Before London Elite

[Chicago Tribune Foreign Service.]

LONDON, June 8.—A curious incident of the age in which we are living occurred in the committee room of the house of commons tonight, where a duke and a Socialist met in a debate on industrial unrest before a crowd composed of members of parliament and other notables.

The Socialist was Henry M. Hyndman, who is one of the oldest and foremost Socialists in England, and his opponent was the Duke of Northumberland, a member of one of the oldest families in England as well as being one of the wealthiest coal and other property owners of the country.

The arguments on both sides in the main were tiresome, except that Mr. Hyndman charged the coal strike was the result of a deliberate plot between the government and the mine owners.

Cave Man Who Chased Girl's Escort Fined \$100

It cost Ernest Schuetzler of 2815 Christian avenue \$100 and costs yesterday for being a cave man. Miss Lillian Dornbeck, 19, of 2557 North Spaulding avenue, told Judge Barasa that on the night of May 30, when she was returning from a dance, Ernest chased her escort away and tried to attack her. Mrs. Jack Urban of the same address testified Schuetzler beat her when she went to Miss Dornbeck's defense.

HONORS FOR GRAY HAIR

Did you see two pretty girls, dressed in colonial costume, pinning flowers on the coats of a select few yesterday in the loop? Did you get one? No? Well, there's a reason. Your hat was clean and you did not happen to have gray hair. The girls, Ada Appell and Gladys Moody of the Camp Fire Girls' club, armed with a basket of pretty flowers, stopped every man with gray hair who was wearing a soiled hat and presented him with a flower to advertise their playlet, "Springtime," which will be given on June 11 at Aryan Grotto theater. More than 250 Camp Fire girls are in the cast. The proceeds will be used to purchase camping equipment. In the picture, left to right, Albert R. Curry, Miss Appell, and Miss Moody.

300 ACCUSED OF ELECTION FRAUD, CLINNIN STATES

Extra Votes Found in Ballot Boxes.

Election frauds of the most brazen character are being reported daily to Col. John V. Clinnin, head of the fraud prevention and detection bureau of the Chicago Bar association.

"As an example," he said yesterday, "in one precinct of the Twentieth ward there were nineteen more votes cast than show on the poll book. In other wards, workers for the machine slipped nineteen ballots into the box and expected to put the names on the books later, but they were watched so closely that they had no opportunity to finish their job."

The Twentieth ward is the bailiwick of Morris Eller, former Thompson appointee as city sealer, who later was "promoted" by the machine to a trusteeship of the sanitary district. Coalition watchers in several precincts of the ward report they had difficulty in preventing Eller followers from doing any sort of mischief for which they thought there was opportunity.

300 Accused of Violations.

All told, Col. Clinnin said he and his twenty-five teams of lawyers have the names of 300 men charged with violating the election laws in some form or another. Most of the offenses were committed in the Second, Eighth, Twentieth, and Twenty-first wards.

The data are being prepared for submission to Attorney General Brundage as the foundation for a request that he seek the appointment of a special prosecutor and the impaneling of a special grand jury.

FAIL TO SOLVE MAN'S DEATH.

The inquest over Michael Manon, 643 West 44th street, found injured at 5:30 and killed at 6:30, was closed yesterday by Detective Michael Walsh, while the police said they had not been able to obtain evidence as to how the man came to his death.

THOMPSON JUDGE FORCED TO RETRY ALLEGED BOMBER

Fetzer Grilled by Council Police Committee.

Judge William R. Fetzer, elected to the Municipal bench last fall with the aid of the Lundin-Thompson machine, was given an uncomfortable hour before the council police committee yesterday.

At the end of the stormy session Judge Fetzer, who was largely requested to resign, was asked to resign.

Neither Conzilio nor Paldina testified the dynamite was purchased to kill bugs. Judge Fetzer managed to get above the din. "The evidence against Conzilio was flimsy, and I couldn't very well fine him. There was nothing to show that the dynamite belonged to the defendant except that it was found on his farm."

If the line is to be drawn as closely as that, you might as well give the word to the bombers to blow up the entire city," shouted Ald. Bowler. "If the evidence in this case had been adhered to, this man Conzilio would have been found guilty. If you will permit this case to be reopened we will give you plenty of evidence."

Agrees to Hear Complaint.

Judge Fetzer demurred, saying it would be unlawful to try Conzilio twice for the same offense. He finally agreed, however, that a new complaint charging a violation of the city ordinance prohibiting the storage of explosives without a license, should be filed against Conzilio.

U. S. Intervention Halts Pullman Strike Ballot

A strike vote of Pullman company employees was halted yesterday following government intervention. Ballots sent to busy cities were recalled. C. J. Fury of the division of conciliation, federal department of labor, is in Chicago in the interests of a settlement. The employee charge the company violated the transportation act in applying to the labor board for authority to reduce wages without first having conferred with workers' representatives.

Meant for 19th Ward, Says Bowler.

"That dynamite was on Conzilio's farm to blow up houses on the west side. There isn't a doubt about that in my mind," declared Ald. James B. Bowler, whose ward, the Nineteenth, has been the scene of numerous bomb outrages.

Jury of Mothers Finds Mother Murdered Babe

Paris, Ill., June 8.—The coroner's jury composed of mothers, who heard the evidence in the case of Miss Irene Lunger of Chisman, charged with causing the death of her new born babe, returned a verdict of death from neglect. This is equivalent to a charge of second degree murder. It was the first jury entirely composed of women ever impaneled by a coroner in the state.

IMPROPERLY HANDLED, ALDERMAN SAYS.

"It is perfectly clear that this case was improperly handled," Chairman Walter Steffen declared at the close of the hearing. "It should be retried."

Paldina said Judge Fetzer entered the discharge order without permitting additional evidence the police had gathered to be presented.

It was brought out that Conzilio, when arraigned before Judge Hayes, demanded a jury trial, but when his case was transferred to Judge Fetzer's court he withdrew his plea for a jury and asked for a trial by the judge.

Grand Jury. The Chicago Bar association representatives are convinced there is no prospect of obtaining action from State's Attorney Crowe, who in his campaign speeches regularly referred to himself as a "Thompson state's attorney."

57 Ballots in 8 Minutes.

Ald. Joseph O. Kostner of the Thirty-fourth ward reported some particularly clear violations of the law.

"In one precinct," he said, "we found fifty-seven ballots in the box within eight minutes after the polls opened. It was not physically possible for that number of voters to have cast their ballots in that time. Probably as many as fifty marked ballots were placed in the box before it was locked for the day, and the names of fifty voters who according to advance information would not be able to vote were written on the poll books."

GIVE WAR HEROES A BONUS OR STOP BIG BOUT, DEMAND

Solon Brands Dempsey a Bum and Slacker.

Washington, D. C., June 8.—[Special.]—Denouncing Jack Dempsey as "a big bum" who dodged the draft, Representative "Jimmy" Gallivan of Massachusetts introduced a resolution in the house today to stop the world's championship prize fight until congress grants a bonus to the veterans of the world war.

Gallivan contended that Chicago bankers, Pittsburgh steel magnates and Wall street brokers who last winter swamped congress with protests against the soldiers' bonus are now falling over each other trying to purchase tickets representing millions of dollars for the big prize fight.

Other Use for Millions.

In introducing the resolution Mr. Gallivan set forth his views as follows: "The millions which the Dempsey-Carpenter fight will cost the American public could very easily be devoted to adjusting the pay of the real fighting men, namely, the young chaps who went into the army and navy of this country in the recent world war."

"It is a notorious fact that Dempsey showed himself to be a big 'bum' in that war when he dodged the draft, and unless I mistake, France was in distress and had been for months before Carpenter joined the colors of his country."

Forget Bonus; Fight for Tickets.

The men who will pay \$50 for a ring-side seat to look at these two fighters overwhelmed members of the last congress with their letters of protest against paying a mere pittance of a soldier's bonus to real champions.

"It would not have cost these men individually \$50 to have helped meet the cost of a soldier's bonus bill, but they are willing to pay that much and more because of greed and hot expenses, etc., to see these men gather in about \$1,000,000 pummeling one another."

Salute to 19 Guns When Yank Deal Leave France

CHERBOURG, France, June 8.—The minister of marine has ordered that every group of departing American war dead shall be saluted with nineteen guns on leaving France for America. It is announced that this mark of honor is due to the suggestion of Andre Tardieu.

KERMANS FROCKS

Black Canton Crepe

Sponsored by Discriminating Women

Especially desirable are they when exhibiting that note of difference so unerringly attained in Kerman creations. Black and navy predominate, though there are others to choose from; plain, beaded and hand embroidered. At Kerman lower prices. \$45 to \$75.

Frocks of Georgette

Hardly less popular are the Georgette Frocks in their soft pastel shades and with fashion-wise beading to define a panel or a graceful line at sleeve, shoulder or bodice. They also exhibit the popular fagoting. Kerman greater values \$45 to \$95.

Dresses for Summer.

Altogether charming, colorful, vivacious. In dotted Swiss, imported Gingham, Organdy, with delightful ruffings of lace or generous sashes to add to their youthful appeal. Upwards of \$15.

SUITS

A notable group of custom tailors, a navy, tan and covert; Twill Corda, Poirer Twills and Tricotines—emphatically reduced. \$45

AFRAID OF PEGGY, HER ATTORNEY HURLS AT JOYCE

In Court, Judge Rules
He Must Appear Today.

Stanley Joyce, millionaire, will have to appear in court this morning and bring his income tax schedules and other records of his wealth with him.

The ruling was made by Judge Joseph S. Kirkland yesterday after Weymouth Kirkland, attorney for violet-eyed Peggy, had denounced Joyce in a choice of terms for his failure to answer to a summons of court.

"A child of a mere slip of a girl," said the lawyer's taunt at Joyce's expense.

Peggy also may be called.

Judge S. Kirkland seemed about to rule in contempt of court for not appearing, but Alfred S. Abstrin, counsel for the lumberman, declared Peggy also was summoned if his own name was to be forced to undergo examination at the hands of Mr. Kirkland.

The judge indicated he would enter an order in the near future for her to come to Chicago.

"I have a reason for not wanting my name to appear here at this time," Mr. Kirkland told the court. "All I want is a chance to go on an expedition with Peggy. He wants to put her on the stand and have her tell a lot of irrelevant matter."

"I want the court to know how much money this young woman has," Mr. Kirkland said.

Through the pleas filed in this case, she has attempted to make the court believe that all she has in the world is \$24,000, and that is in a Paris bank. It is hardly enough to last her a month the way she spends money," continued Mr. Kirkland.

"She has over \$300,000 at present and I want the court to have a bird's-eye view of her."

"Joyce Taught Her to Spend."

"The way Joyce taught her to spend money," retorted Mr. Kirkland. "He has put her in love with her he lavished \$150,000 a month on her during the fifteen months of their courtship and married life together—\$140,000."

"It would appear from the accounts of their expenditures," the \$10,000 a month temporary alimony is a very small amount, and the other money asked for in this case are necessary necessities."

"I would like to know why Mr. Joyce is not in court," Mr. Kirkland demanded.

"He was served with a subpoena to come here himself and bring all his books and papers with him. We do not know your honor, the amount of his estate in the records filed here in this case," he says he has \$20,000 on deposit in one of the local banks. But he does not say where his other money is.

Shows Less than \$3,000,000.

"He does not show the amount of estate, except that the amount of the stocks and bonds that he owns, what real estate is held in his name, held in trust for his benefit, how many shares of stock he has in the various lumber companies. These things are essential to the point at issue and we want an opportunity to examine them," Mr. Austrian admits he accepted the subpoena and he should be here."

"He has been intimidated by Peggy," says that is one reason why he is not here," Mr. Austrian said.

"Intimidated by a mere slip of a girl," exclaimed Attorney Kirkland.

"It is a strange thing that the head of a large prosperous business should be so easily frightened."

"He is afraid of you, too."

"Well, that is different. I can understand that."

FATHER DISCUSSES PEGGY

Norfolk, Va., June 8.—(Special.)—A little four room bungalow at 1410 and Lee streets, Peggy Upton Archibald Hopkins Joyce was born twenty-seven years ago. Her grandmother lives there yet, and often she sits out under the big tree where Peggy was wont to play with her dolls in these simple days when dollar signs and fine dresses meant nothing in her young life.

Now was she known as Peggy Upton, Marguerite Upton was the name which her parents endowed her with. As Margary was she addressed by friends and playmates. Those were the times when Sam Upton, her father, owned the only barber shop in Berkeley, a town which has since become part of Norfolk.

She's "Margy" to him.

Sam has since become divorced from Margary's mother and is now plying the barber's shears in the hamlet of Harrisonville, Va. The famous matrimonial episode of his daughter's life—well known to all the world at large—was heavy in his mind.

"Peggy," he repeats when you make inquiry about her. "I don't know my daughter by no such name as Margary. She must've got that up north when she went away to see the world."

At this point Sam directs a copious

MRS. WILLIAM E. DEE AND KING COLE.

ECHO OF PAST IN WILSON'S EARS; THEATERCHEERS

Washington, D. C., June 8.—(United Press.)—Delayed by attendants in its exit from a local vaudeville theater tonight, the audience paused to observe the cause. In the last row of seats a man was rising slowly from his seat, supported by a colored attendant. It was ex-President Wilson.

Recognizing the former President, the crowd greeted him with loud applause, drawing a nod and a broad smile. When the former President and Mrs. Wilson entered their car outside the theater the crowd poured into the street. Here the handclapping grew in volume and was swelled by loud cheers.

The demonstration was the greatest the ex-President has received since he left the White House.

WASHINGTON NEWS —IN BRIEF—

WASHINGTON, D. C., June 8.

Admiral William S. Sims was ordered by Secretary of the Navy Denby today to report at once whether he had given utterance to reflections on Irish-Americans reported to have been given by him in an address last night in London. Senator Medill McCormick denounced the speech as "disgusting" and urged that disciplinary measures be taken.

A. D. Lasker of Chicago, after being nominated today by President Harding for chairman of the United States shipping board, was made the target for criticism in the house.

Amendments to the Tinscher grain futures bill were presented to the senate committee on agriculture by P. B. Wells of Minneapolis on behalf of the grain exchange.

Senator Frelinghuysen, author of pending coalstabilization bills, refused to accept suggestions from representatives of the coal industry that the measures be broadened.

The senate today unexpectedly reversed its action of yesterday to keep the standing army from falling below 149,000 men, by voting to reduce the army to 140,000 and passed the army appropriation bill.

The senate elections committee today renewed its investigation of the Ford-Newberry senatorial election controversy.

"I never knew I was engaged to Mrs. Garaghty," said Mr. Williams today. "I never heard it from her lips or from those of any one else. I never believed it at all. Julia, at any rate, never told me. But if I do become engaged to the lady, I will announce it in good time."

"Yes, indeed, I know her and admire her greatly. Beyond that I'm tongue-tied."

FAITH AND HONOR, NO SUPER-STATE, NEEDED: HARDING

Tells Students Canada and
U. S. Are Examples.

Washington, D. C., June 8.—President Harding, delivering a commencement address today at American university here, found the subject of world peace occupying so prominent a place on the program that he was prompted to depart from his prepared manuscript and declare for the preservation of peace by sovereign states, without the interference of a world "super-power."

The president's remarks followed an address by Newton W. Rowell, K. C., of Toronto, Canada, who suggested that the best contribution North America could make to civilization was "for men on this side of the water" to stand together behind the movement for peaceful settlement of international disputes.

A Peace Conference.

Another speaker who touched on the question of peace was J. J. Jusserand, the French ambassador, and the general discussion developed such a trend that Bishop John W. Hamilton, the presiding chancellor, referred to the gathering as a "peace conference."

An added touch of the same character was given by the singing of a song which appeared on the commencement program under the title of "an international anthem," and which, sung to the tune of "America" and "God Save the King," recounted how "two nations by the sea, two nations, great and free, one anthem raise."

Before the singing began the American, British, and French flags had been raised together over the outdoor speakers' platform.

"I do not think I could let this occasion pass," said the president, "without giving assent to many of the appropriate and appealing things just uttered by Dr. Rowell."

Glad of Good Neighbor.

"I liked his expression that American and Canadian ideals are in common, and when he spoke about the North American contribution to present-day civilization and to the world it occurred to me that the example of two great peoples living side by side in peace, in confidence, and in mutual understanding is about the finest contribution that two nations could give to the world."

"I have said on many occasions that if all the nations of the earth were as honest and unselfish as our republic there never would be another war. I will revise it today and say

On the Carpet Again

ADMIRAL WILLIAM S. SIMS.

that if all the nations of the earth are as unselfish and devoted to their ideals as the United States and Canada there never will be another war.

Need No Super-Power.

"But, if I may say so without a discordant note—for there is none in my heart—I call attention to the fact that the United States of America and the dominion of Canada have dwelt side by side and settled their controversies without resort to a super-power."

"If we can commit civilized humanity to abiding righteousness and everlasting justice and inspire them with our example we will have made a long stride toward the peace of the world."

DEMOCRATS SEE
HARM TO U. S. IN
PORTER PEACE

Washington, D. C., June 8.—Democratic members of the house foreign affairs committee in a minority report today on the Porter peace resolution declared it would accomplish nothing.

"It would not benefit a single American institution or citizen, and would not restore peace or help American trade with Germany."

"It will place this country at a great disadvantage in negotiating treaties with enemy countries," the report added, "and will sacrifice the interests of thousands of our citizens and cost this country and its nationals millions of dollars."

The report, prepared by Representative Flood, Virginia, ranking Democrat on the committee, declared adoption of the resolution would serve only to strengthen Germany's claim that seizure of ships and property was unlawful.

SIMS ORDERED TO EXPLAIN HIS ATTACK ON IRISH

am the one who will have to take action if there is any to be taken and you cannot expect me to discuss it now. I want to find out first what Admiral Sims said."

Upon leaving the White House, Senator McCormick told newspaper correspondents that he regarded Admiral Sims' speech as "disgusting."

Later he issued a formal statement on the subject. Senator Norris of Nebraska and Senator La Follette of Wisconsin also criticized Admiral Sims' reported address.

"It is grossly improper for a naval officer abroad," said Senator McCormick, "to asperse the loyalty of a great number of his fellow citizens. Admiral Sims, not by implication but by his own direct statements, charges that not a handful but multitudes of his fellow citizens are actuated first by devotion to America but to the cause of some other people."

"Thank God, we know that is not true. We know that Americans, of whatever blood, above all are American."

There have been many quotations of that speech commonly referred to as the "last drop of blood speech," but Admiral Sims in his recent book, "The Victory at Sea," gives his own version.

"In 1910," wrote the admiral, "I had visited England as captain of the battleship Minnesota. It was apparent even at that time that prepara-

tions were under way for a European war. "In a speech at the Guild Hall, where 800 of our sailors were entertained at lunch by the Lord Mayor, Sir Vesey Strong, I used the words which involved me in a good deal of trouble at the time and which have been much quoted since."

The statement then made was purely the inspiration of the moment; it came from the heart, not from the head; probably the evidences that Germany was stealthily preparing her great blow had something to do with my outburst. I certainly spoke without any authorization from my government and realized at once that I had committed a great indiscretion.

"If the time should ever come," I said, "when the British empire is menaced by a European coalition, Great Britain can rely upon the last ship, the last dollar, the last man, and the last drop of blood of her kindred beyond the sea."

The statement then made was purely the inspiration of the moment; it came from the heart, not from the head; probably the evidences that Germany was stealthily preparing her great blow had something to do with my outburst. I certainly spoke without any authorization from my government and realized at once that I had committed a great indiscretion.

GERMAN DRIVE PERILS POLISH SILESIA ARMY

Storm Troops Fight 25
Miles in 4 Days.

BY L. C. WALTER.

(Chicago Tribune Foreign News Service.)

(Copyright, 1921, By The Chicago Tribune.)

POLISH INSURGENT HEADQUARTERS, Upper Silesia, June 8.—Powerful German infantry and cavalry attacks have ruptured the insurgent center.

These attacks in the early stages of the new offensive took Slawentz

and Ujest. The fate of the Upper Silesian insurgents once more hangs in the balance.

At least yesterday the farthest east of the German salient was extended rapidly to within gunshot of Katowice, which forms the key to the industrial region of Upper Silesia. As

German infantry forces advanced eastward along the Klodnitz river and the Katowice highway other groups advanced a drive against Kandrinn in the south. At the same time the Ger-

mans widened the salient, pushing German battalions through Olchow, Wydow, and Kottulin to the west. At several points the Ger-

mans advanced twenty-five miles in the last four days' fighting.

Circle French Post.

Southwest of Ujest the Germans occupied the Kandrinn-Gleiwitz railway for a stretch of six miles. Gleiwitz, which is held by French troops, has been surrounded on three sides during the past two days. Its communications with Gleiwitz were cut when the Germans crossed the Gleiwitz-Beuthen line during the advance southward.

As a result of the lightning strike the insurgents may be compelled to go to the right bank of the Oder as far south as Ratibor, abandoning Kandrinn and Cosel as well as Althammer in the forest region.

Some of the most desperate fighting occurred when the Germans attacked the Kandrinn railway station which changed hands five times before the Germans abandoned their attempts to hold it.

GERMANS FIRE ON FRENCH.

UPPER SILESIA, June 8.—Three Frenchmen were wounded, two probably fatally, when Germans fired upon them from the road between Kandrinn and Ujest, to the south of the French party, which included an armorer, a medic and his weapons.

Returned, the Germans explaining they thought they were firing at a Polish. The incident occurred during the darkness yesterday morning.

German Chief Halts.

PARIS, June 8.—Gen. von Hofer, one of the German defense forces in Upper Silesia, formally has assured allied officials in that region that the troops, which advanced several kilometers on the Annaberg sector after the insurgent attacks of Friday and Saturday last, will advance no further, says a dispatch from Berlin today.

Gen. von Hofer's assurance came as a result of the allied ultimatum of Sunday last, which threatened that unless he withdrew his forces the German troops in the industrial section of Upper Silesia would be withdrawn.

CARS TAKE TO BRIDLE PATH

Work has begun on the conversion of the Lake Shore drive bridge into a street car line to assist in the handling of crowds expected to attend Mayor Thompson's Pageant of Progress exposition. The car line is an extension of the Chicago avenue line. The new tracks, shown in the photograph, are being built south to a point northwest of the municipal pier, on which the exposition will be held. At the pier the new line will loop, permitting the cars to return to Chicago avenue.

BIG FLEET LANDS CHICAGO FOODS IN RED RUSSIA

Seven Ships with Winter Aid.

BY GEORGE SELDES.

(Chicago Tribune Foreign News Service.)

(Copyright, 1921, By The Chicago Tribune.)

BERLIN, June 8.—Informed Russian sources learn that seven food ships have arrived at Petrograd within a week, bringing mostly Chicago products.

Lenin, knowing that the coming winter certainly will make or ruin Russia, has ordered food buying abroad.

The amount of the first cargo on the American steamer Florida is 4,000,000 pounds. Other ships are under the British flag, but they are loaded with American products, transhipped at London and Copenhagen, including 119 tons of canned pork and beans.

At the Russian Communist congress it officially was announced it will be necessary to force the peasants to sell 7,500,000 tons of grain for feeding the men in the national industries and electrification undertaking.

DOUBT ON BRITISH STAND

(Chicago Tribune Foreign News Service.)

PARIS, June 8.—Quai d'Orsay expects today the British reply to the French note protesting against the Bolshevik's right to sell properties belonging to foreigners in Russia under the Soviet-British commercial accord signed on March 16.

The French expect American support to prevent Red agents from selling French and American concessions, securities, and goods to the British, especially in view of Secretary of State Hughes' recent speech regarding property rights of foreigners in Russia.

It is believed the British government is not prepared to accept the French viewpoint and Lord Justice Bankes and his colleagues recently handed down a decision in London that the commercial accord makes Great Britain recognize the Soviet de facto government and the acts of the Soviet government therefore not be put in dispute. Under the decision foreign owners cannot question the Bolshevik's right to dispose of their properties in British markets.

GERMANY MAY PUT HIGHER-UPS ON WAR TRIAL

(Chicago Tribune Foreign News Service.)

BERLIN, June 8.—Following a not guilty verdict in the case of submarine Commander Neumann, it is reported on good authority that the German supreme court which decided an officer obeying orders could not be brought to trial intends to bring to trial the admiralty chief or chiefs who gave orders to seven other submarine commanders whose cases are being prepared.

It is understood that either Admiral von Holtzendorf, Admiral von Capelle, or Admiral von Behnck, the present admiralty chief, will face trial.

This would be the first attempt to get the higher-ups for their war crimes.

LENIN COMING TO LONDON FOR MEETING, REPORT

Head of Red Russia Seeks
Big Capitalists.

BERLIN, June 8.—[By the Associated Press.]—Early collaboration between a group of German and British capitalists for the purpose of economic exploitation of Soviet Russia is believed here to be certain. It is understood that an agreement has been reached in the past few days between men of both countries as the direct outcome of the recent visit to Berlin of Leonid Krassin, Russian soviet minister of trade and commerce.

One of the conditions named by the western European financiers and industrialists is that Lenin reconstruct the Moscow government on the basis of a coalition, including all parties except the former anarchists. Lenin, it is stated, will shortly leave for Berlin and London for conference with the interests identified in the Anglo-German commercial and industrial agreement.

Dealing with Stinnes.

M. Krassin is known to have been negotiating with the Stinnes interests here recently.

The Tageblatt says it is able to confirm the statement of the Antwerp paper Neptunus that a group of German and British industrialists, including Hugo Stinnes, has reached a private agreement to develop trade with Russia. In return, Russia is to give important economic concessions, and Lenin is to reconstruct the government on a coalition basis to work in accord with the new government.

The Tageblatt says that Lenin himself is going to London to consult the British government.

SIBERIA WARNS JAPAN.

TOKIO, June 8.—[By the Associated Press.]—Military operations against the anti-Bolshevik elements which have established the new government in Vladivostok are threatened in a note to the Japanese government from the far eastern republic, says a Harbin dispatch to the Nichi Nichi Shimbun of this city. The note declares that hostilities will begin if Japan does not agree to permit the far eastern republic to suppress political disturbances in Vladivostok and if Japan does not recognize the authority of the old militia elements in the maritime province and restore arms which were confiscated.

The government of the far eastern republic is said to have made a general accusation that the Japanese army had arranged the coup d'etat in Vladivostok and to have supported the anti-Bolsheviks engaged in the movement.

Japan Demands Controls.

RIGA, Latvia, June 8.—A dispatch from the Rosta agency at Moscow, received here today, says Japan has sent demands to the far eastern republic providing for Japanese control of three important points in the territory of the republic—namely, Khabarovsk, Blagoveshchensk, and Chita. The demands also include the granting of foreigners rights for mining, forest concessions, and free navigation of the Amur river and the payment of losses suffered by Japanese subjects in the civil war in the republic.

ALLIES PROPOSE TO CLIP WINGS OF GERMAN AIRMEN

Plan Rigid Restrictions on Planes.

(Chicago Tribune Foreign News Service.)

PARIS, June 8.—The council of ambassadors this morning passed the buck on the control of German aviation to the supreme council. In view of Berlin's demand that the question be settled it is expected the matter will be placed on the agenda of the Boulogne conference.

The treaty of Versailles provides that Germany may maintain commercial aviation, but requires that the planes be such as cannot be transformed into war craft.

Military aviation experts are seeking to find a technical means for solving the problem, and I learned today that the following recommendations have been made:

1. An international control commission is to inspect regularly all the aeroplanes factories in Germany to superintend the number and size of the machines constructed.

2. German commercial aeroplanes will be restricted as to size so that they cannot carry more than a certain weight of freight, thus automatically restricting the amount of explosives capable of being carried.

3. The German machines will be restricted as to horse power, so that they cannot exceed a certain speed.

First Bus at 9:30 • Last Bus at 4:30

80,000 men have found it mighty profitable to take that famous "Economy Stroll" to our wholesale plant—saving at least \$15 or more per suit under downtown prices.

But we're saving our visitors even the walk—this week. For while we are holding "Open House," we want every feature of the trip pleasant and comfortable.

Don't buy elsewhere until you see how we make good clothes down here.

At the downtown stores they ask you to take the "inner quality" of the clothes you buy on sheer faith.

You see the outside fabrics only. But you cannot see what's inside the suit—who made it—how it was made—and what went into it.

Down here we show you every operation in the making of a Royal Suit—and every ingredient that goes into it. This is a "showdown" demonstration. We claim that we are delivering the greatest good clothes value in America in our \$30 made-to-measure suits. And we're here to prove it.

CITY COUNCIL PROBES HUGE "EXPERTS" FEES

Ald. Schwartz Chosen to
Head Inquiry Board.

(Continued from first page.)

in the investigation of fee payments.

"What, hire a board of local improvements expert to investigate another one?" asked Ald. Woodhull.

"And bring in Lynch and Meece and their books," added Armistage.

"You simply want to do that in an attempt to justify the old rate," counseled Woodhull.

"Let's do our own investigation with our own engineer and attorney," said Ald. Schwartz. "No greater scandal has come before the committee in months. It is a serious matter."

"But Mr. Fabery's integrity is at stake, and he should have an attorney to represent him in this inquiry," declared Armistage.

Dupes to Represent Fabery.

"We are not hiring any attorneys to represent anyone but ourselves," Ald. Guernsey shot back.

It was finally agreed that the subcommittee will permit Attorney Dupes to be present and examine witnesses on Mr. Fabery's behalf.

H. P. Gillette, editor of Engineering and Contracting, who recently told the Aldermen that the work for which Mr. Fabery paid Meece and Lynch \$1,000,000 was worth approximately \$34,000, submitted several suggestions to the committee relative to future appraisals of real estate for the city.

Two independent chief appraisers should be employed to supervise large appraisals, he said. In gathering data, however, they should not use separate corps of assistants, and Meece and Lynch say they did, Mr. Gillette says.

"In selecting the two chief appraisers, I believe the city should secure the advice of local societies of engineers and architects, for it requires experts to select the best experts," Mr. Gillette's letter to the committee says.

How Men Should Be Chosen.

"The Western Society of Engineers and the Illinois Society of Architects should be asked to recommend six experienced appraisers, three being named by each society. The city should then select its chief appraisers from these lists."

"These chief appraisers should be permitted to select their entire staff of associates and clerks, for their is the responsibility for the appraisals."

"The two chief appraisers should be paid on a per diem basis (Meece, Lynch, Merigold, Lyons, and Waller were paid on a percentage basis) and their subordinates on a weekly basis, the payments for their subordinates being made by the city itself, instead of by them. Similarly, all rentals, stationery, office materials, etc., should be paid for by the city."

PRESIDENT PICKS A. D. LASKER SHIP BOARD CHAIRMAN

Appointment Opposed
by Democrats.

(BY A STAFF CORRESPONDENT.)
Washington, D. C., June 8.—[Special.]—The nomination of A. D. Lasker of Chicago to be chairman of the shipping board was announced in the house today. Associated members nominated are:

T. V. O'Connor, Republican, of Buffalo, N. Y., president of the international longshoremen's union, appointed for five years as representative of the great lakes region.

Former Senator George E. Chamberlain, Democrat, Portland, Ore., appointed for four years as a representative of the Pacific coast.

Edward C. Plummer, Republican, of Bath, Me., appointed for two years as a representative of the Atlantic coast.

Frederick I. Thompson, Democrat, of Mobile, Ala., reappointed for two years as representative of the Gulf coast.

Meyer Lissner, Republican, of Los Angeles, appointed for one year as a representative of the Pacific coast.

Admiral Benson Reappointed.

Rear Admiral William S. Benson, retired, Democrat, Georgia, reappointed

for one year as a representative of the Atlantic coast district.

It was announced by Mr. Lasker that John Callan O'Laughlin, a former Washington newspaper correspondent, would be appointed assistant to the chairman.

Democratic members, notably Representative Byrnes of Tennessee and Representative Byrnes of South Carolina, gave vent to sarcastic criticism when they learned of Mr. Lasker's appointment. Representative Chindblom and Representative Madden, Republicans, of Illinois, rushed to Mr. Lasker's defense and declared him to be one of the ablest business men in the country.

The debate broke out in connection with the \$111,000,000 deficiency appropriation to meet expenses of the shipping board during the last year. Representative Byrnes of Tennessee referred to the fact that the president was trying to get a \$100,000 a year man to head the board.

"If he gets Mr. Lasker he will have a \$100,000 man," said Representative Chindblom.

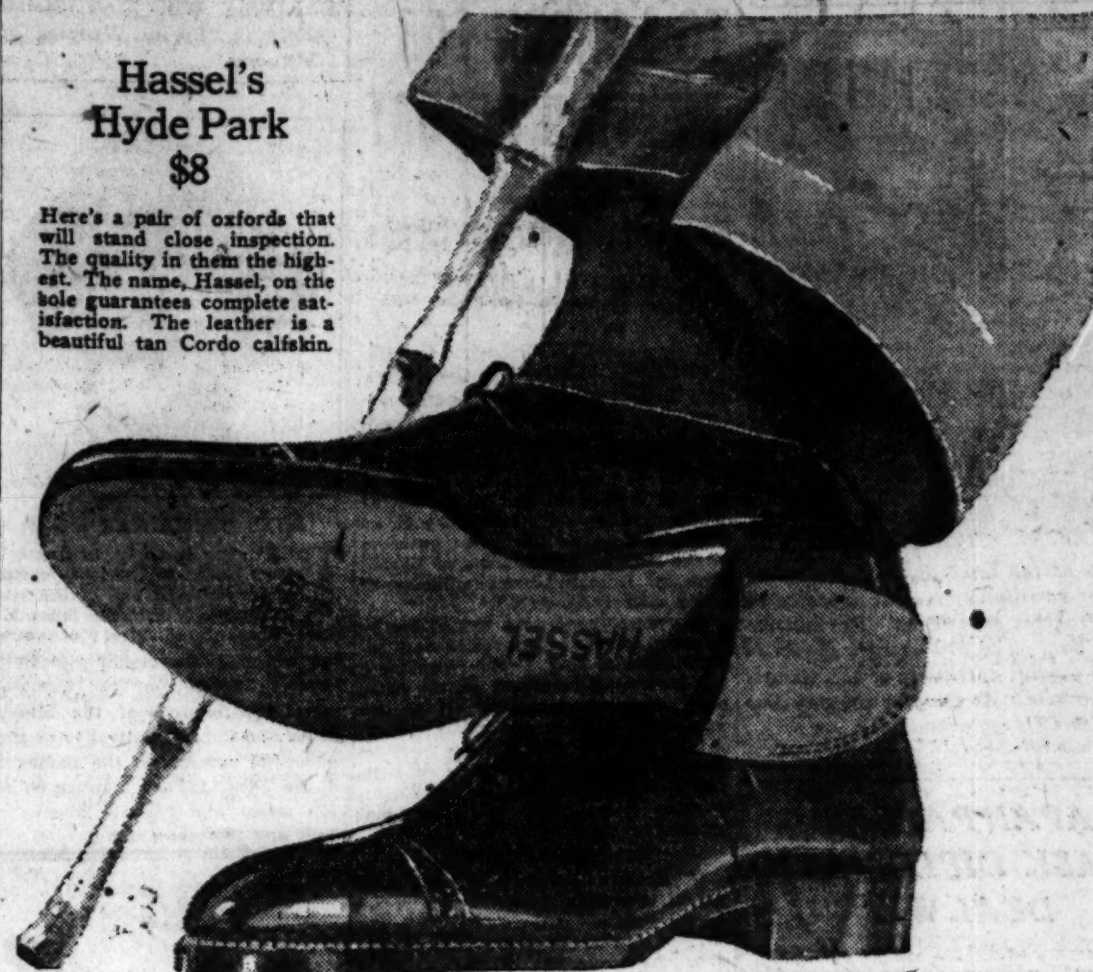

"Yes," said Mr. Byrnes, "I understand Mr. Lasker is the author of the phrase, 'Do not wiggle and wobble,' and possibly account of that great service which he rendered in the last campaign the gentlemen may be qualified, although the paper stated expressly that he had no idea about ships but that he proposed to surround himself with a number of boat experts."

"I just want to say," interrupted Representative Madden of Illinois, "that I know Mr. Lasker very well. I know that he is one of the able men of America, who has been one of our most successful business men."

Here's a pair of oxfords that will stand close inspection. The quality in them the highest. The name, Hassel, on the sole guarantees complete satisfaction. The leather is a beautiful tan Cordo calskin.

Men who know shoe values and where to get them are crowding our store. This is the truest kind of appreciation.

And every day they speak enthusiastically of the quality of Hassel shoes. A Chicago man likes to say, "I buy my shoes at Hassel's."

Since 1876 we've catered to the desire for satisfaction. Show us how we can improve and we'll use your suggestion. We know we can do better, and we're going to do it. But up to the present we've hunted in vain for better shoe values.

Our immense stock embraces all the new smart styles for young men, also the standard styles for all ages. Remember that the high worth of every Hassel shoe is guaranteed.

NEXT STILLMAN HEARING MAY BE IN OPEN COURT

Meanwhile "Helen" Joins "Clara" and "Flo."

New York, June 8.—[Special.]—There is a strong possibility that further hearings in the Stillman divorce case will be held publicly at Poughkeepsie, N. Y., where the case is being heard.

Daniel J. Gleason would in no objection to open hearings of the attorneys for the banker and defendant reach an agreement on this point, it was said today.

It was reported John P. Brennan of counsel for the defense considers that the client's interests best would be served by throwing open the doors. John E. Mack, guardian ad litem of Mr. Stillman, also was reported as being in favor of further hearings "in camera."

The attitude of Mr. Stillman's attorneys toward the plan could not be ascertained.

Enter a "Helen."

In addition to Mrs. Florence H. Stillman and the young woman known as "Clara," a third woman, "Helen," who is said to have a place in the case, may be named in the Stillman case, a man closely connected with the defense said.

"Helen," whose last name is said to be unknown to Mrs. Stillman's attorneys, is described as "young and pretty." It was said that Mrs. Stillman, after a visit of both to the yacht "Helen," became jealous of "Helen" and a row resulted.

It was denied by one of Mrs. Stillman's attorneys that the naming of "Helen" would have the effect of postponing the hearings.

The decision to name a third woman was reached this afternoon at a conference of "Flo's" attorneys. A point of issue in the conference was said to have hinged upon selection, from a list of eight women, excluding Mrs. Stillman and "Clara," of the one to be named in setting up the third separate defense.

"Mr. Steele" Called.

Friends of Mrs. Stillman professed ignorance of the last name of "Clara." It was learned, however, that investigators had traced her to Duluth, Minn., and that when they questioned her they sought a "Clara Ford." They were said to have displayed a photograph of a man, asking tenants and building attendants to refresh their recollection of "Mr. Steele," although he frequently called on "Clara" between February, 1917, and July, 1918.

It was said that the defense plans to call Mrs. Leeds and "Clara" as two of the most important witnesses when many of the plaintiff's witnesses have been taken before the referee. It was added that so far the defense does not know the whereabouts of the two women, but that efforts were being made to locate them.

Post-Mortem Clears Man Suspected in Wife's Death

All suspicion concerning the death of Mrs. Anna Gregoris, 2325 South Washenaw avenue, who died May 16, was removed yesterday when Coroner Hoffman announced a chemical analysis of the vital organs had failed to show any trace of poison. The body was exhumed at the request of the wife's parents, Mr. and Mrs. Barney Urban, 1915 West 23d street, who charged the husband, Joseph Gregoris, had been attentive to another woman and neglected his wife.

Only One Name Traced on Latest Slacker List

The name Joseph Hennel, 908 East 64th street, is among the more than twenty names in the latest war department slacker list. Joseph Pennelly lived there about four years ago, but moved soon after his wife died, according to a neighbor. None of the other names could be traced.

POLICE NAB MAN AS REAL SLAYER OF DAN F. KABER

Cleveland, O., June 8.—A man whose identity is not disclosed was placed under arrest tonight on the theory that he may have been the slayer of Dan F. Kaber. He is to be examined by the county prosecutor late tonight.

A second arrest was that of a woman, whose name also is not disclosed, who was arrested in Sandusky early Wednesday morning by Cleveland police.

This woman's connection with the case, police believe, was the furnish-

ing of a slow poison to Kaber during his illness and later to find some one willing to inflict the fatal stab wounds. When the police arrived at the Kaber home on the night of the crime the victim made the statement to them that "a man with a cap did it."

Widow Attempts Suicide.

New York, June 8.—Mrs. Eva Kaber of Lakewood, O., held here in connection with the slaying of her husband in the Cleveland suburb nearly two years ago, today attempted suicide in her cell by slashing her right wrist with a nail file. She will recover.

Today Gov. Miller granted requests for extradition to Ohio of both Mrs. Kaber and her daughter, Miss Marian McArdle, who have been indicted with the girl's grandmother on a charge of first degree murder.

Council Orders New Start on Fifty Ward Plan

Long delayed plans to redistrict the city into fifty wards, as the voters directed nearly a year ago, were resurrected yesterday when Ald. Thomas Byrne appointed three subcommittees to make a new start on the big task. Mayor Thompson's defeat at Monday's judicial election will so weaken his influence with the forty-four council Democrats that a redistricting plan can be pushed through in spite of the objections of the mayor's supporters, who have been influential in delaying redistricting, many aldermen believe. Ald. Byrne named Ald. Bowler, Link, Olsen, Horne, Kenna, and Maddern to take up the redistricting job.

A RICE FOOD

One cup makes enough for six servings

Honest now—why do you eat cereals?

Ricet, the rice food, is the one you will eat because you like it.

You may give it to your husband because you know he needs a good nutritious breakfast.

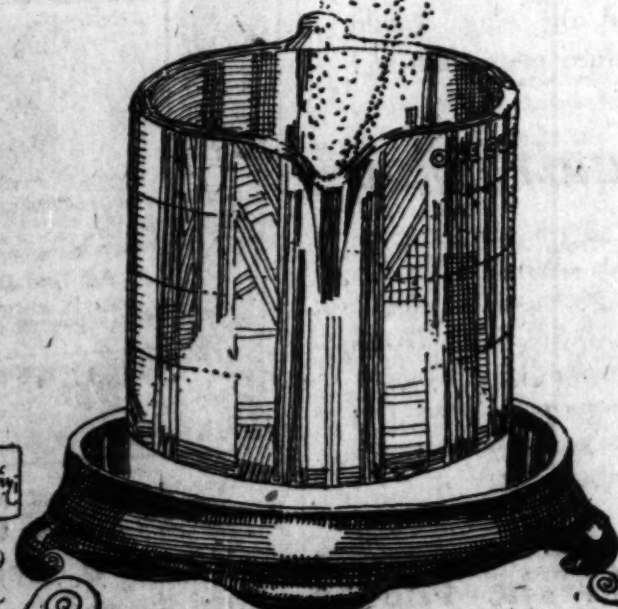

You may give it to your children because you know it is very nourishing and very easily digested.

You may use it because it cooks more quickly than any other cereal, or because it costs less.

But the big reason that your family will eat Ricet is because it tastes so good.

Try it for breakfast tomorrow.

THREE YANKEES IN MATCH PLAY AT GLENEAGLES

BY TED RAY.

[Chicago Tribune Foreign News Service.]
[Copyright: 1921: By The Chicago Tribune.]

GLENEAGLES, Scotland, June 8.—America has a threefold interest in the match play stages of the great professional golf tournament for 1,000 guineas at Gleneagles, which is being played among the sixteen players who qualified as a result of fifty-four holes of qualifying play are Jack Hutchinson, Walter Hagen, and Emmet French.

Hutchinson led the Americans easily for the twenty-seven holes today, and (Am. Press Photo.) nearly led the entire field behind the leading 212, and his rounds were models of brilliant consistency. Over the eighteen holes of the King's course he took a 74 and a 71, and over the Queen's nine took 22 and 24. A. G. Kirkwood of Australia had 217.

Conditions are trying. Both Jack and Hagen played very fine golf under trying conditions which prevailed today. Indeed, their aggregate of 186 for today's twenty-seven holes were the best recorded. Hagen had a grand aggregate of 230, equalling the record for the King's course with 71 this morning. There were few mistakes in this round, but it might have been even better but for a few slipped putts.

Jack Plays Mitchell Today. A choice tidbit on tomorrow's program will be the match between the long hitting Abe Mitchell and Hutchinson, who have been drawn together. It is expected that Mitchell will take on Jack Taylor, brother of great "J. H."

Following are the results of the Americans' competition in the two days of qualifying play:
Jack Hutchinson 74-33-73-24-213
Walter Hagen 75-36-75-25-220
Emmet French 76-37-76-26-221
Tom Kerrigan 77-38-77-27-222
Douglas Edgar 78-39-78-28-223
Wilfred Reid 79-40-79-29-224
Charles McLean 80-41-80-30-225
Glenage Hackney 81-42-81-31-226
Fred McLeod 82-43-82-32-227
William Mathews 83-44-83-33-228

Ray's Work Is Feature. [Gleneagles, June 8.—(Special Cable.)] Ted Ray's writing of the account of today's play in the Thousand Guineas tourney prevents his mentioning his own brilliant play, which was the sensation of the day at Gleneagles. Ray turned out brilliant work with a strange looking putter.

George Low Is In Traffic Club Golfing Event. "Traffic" was the slogan at the Calumet Country club yesterday in the family outing, golf tournament, and field day of the Traffic club of Chicago.

George Low took the high honors of the day, the prize for low net score of thirty-six holes. After J. D. Roth had been announced as winner with a total of 184 Mr. Low announced he had a similar score. In the draw for first place Low won. S. A. Poyer took third with 169. R. J. Wallace, chairman of the sports and pastimes committee, landing just outside the money.

In the special eighteen hole stroke competition, with full allowance, G. R. Browder won with a low net of 77. R. O'Hara, a home guard, was second with 78, and W. H. Ward third with 79. Mr. O'Hara had 81 as the best low gross figures for eighteen holes during the day.

PLAY AT EDGEWATER TODAY. Members of the Edgewater Golf club will compete in the Edgewater tournament, a series of sunset tournaments scheduled this season.

YANKEE POLO PONIES LAID UP IN ENGLAND; DRILL WITH 'SECONDS'

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]
[Copyright: 1921: By The Chicago Tribune.]

LONDON, June 8.—The English polo strike is taking on new significance for Americans in England, especially the Yankee polo enthusiasts, since it became known that the present hard condition of the polo fields here is due to the absence of sprinkling, caused by a scarcity of coal for full operation of the water works.

The Yankee team may be said to have perhaps a better chance to lift the cup in the international contests starting on June 18, if the ponies hold out. Several units of the American pony power now are laid up with legs caused by the hard fields which the animals have been forced to play on for the last two weeks.

Divided for Practice Match. Today Capt. Devereux Milburn split the team in half purposely for a slow practice match, in which only reserve ponies and seconds were used. Retaining Stoddard at No. 1, Milburn played Maj. G. Phelps Hornby and Lord Wimburne in the Nos. 2 and 3 positions for the practice tilt.

Hitchcock and Webb, the regular two and three men on the American team, played these posts for the opposition, which was completed by Col. L. C. Swift at one and Col. C. F. Hunter back at No. 4.

Milburn's side lost in six chukkers, 6-3. Hitchcock Scores Through Milburn. Tommy Hitchcock did some fancy equine aviation in forwarding the ball and managed to register a number of goals through Milburn's defense. Watson Webb scored with a 100 yard stroke from near the center.

At Southampton the regular English championship team, mounted on reserve ponies, displayed greatly improved speed, and won 10-3, from the Freebooters, comprised of: One, Duke Penanda; two, Commander Wise; three, H. Buckmaster; back, Col. C. F. Hunter.

Herb Steger Gets Medal for Oak Park Supremacy. Herbert Steger yesterday was awarded the Thistlewaite medal for scholarship and athletic achievement for his four years in school at Oak Park High. Steger won letters in all major sports at Oak Park. He played football for four years, captaining last year's eleven, and put in three years at track, basketball, and baseball.

Tommy Farr, catcher, was elected captain of the Oak Park nine for next year.

GIVING AND TAKING IN MANHASSET RING

Here we have Georges in action with Joe Jeannette. The latter has just planted a left on the Frenchman's head. Apparently the challenger "took it" without wincing.

GEORGES COVERS UP ON IDENTITY OF NEW SPARRING PARTNER

BY HARRY NEWMAN.
Manhasset, L. I., June 8.—[Special.]—Through secret channels leading into that exclusive training camp of Georges Carpentier, we learned that the French champion inducted in three vicious rounds of boxing with as many sparring mates this afternoon. Paul Journee was one of the boxers and Italian Joe Gans was another.

There was a third fellow in there, but there seems to be some mystery as to his identity. Disguising our voice as best we could, we tried to learn from our informant who the third member of the party was, but the best we could gather about this strange member was that he was nothing more than a mere American fighter and that he was a welterweight.

Two Hours on Road. The French champion, we also learned, repaired to the road this morning for his daily jaunt, which lasted about two hours, in which time Carpentier and his companions traversed about five miles of Long Island territory. Georges was accompanied by Journee, Italian Joe Gans, and Gus Wilson.

Over the hills in the early hours of the morning the Frenchman is getting to be quite a familiar figure, and natives of the house when they are permitted to gaze upon the classic countenance of the French scrapper and his collection of boxing companions.

Georges Pounds Bags. Carpentier punched the bag for ten minutes this afternoon, during which time he cut loose for fair and had the leather sphere doing a merry tattoo on the roof of the apparatus. The big sand bag also came in for some attention from the challenger. Following this, Georges was massaged by Wilson and Deschamps and then came the boxing session.

Journee was the first one called into the ring, and gave a spirited exhibition. Georges used that treacherous right hand punch quite frequently and also brought into play the one-two pinch which was taught him in the old days by Willie Lewis, the old American welter, who still thinks the Frenchman will beat the champion.

Gans a Good "Staker." Italian Joe Gans then stepped into the ring and received the beating which usually goes to our old friend, Battling Marout, the hustling chef and emergency punching bag of the outfit. Gans is strong and can take plenty of it, and Georges does not disappoint him in the least.

Following Gans, there came along the American welterweight, whose identity we were not able to determine. What this American welter did with Georges we will never be able to find out.

FIFTY-NINE COLLEGE TEAMS TO COMPETE IN NATIONAL TRACK MEET

BY WALTER ECKERSALL.
That the National Intercollegiate track and field games to be held on Stagg field, June 18 and 19, will develop into one of the largest meets of its kind in the country was indicated yesterday when Director A. A. Stagg, chairman of the committee in charge, met with newspaper men at the University club and outlined his committee's work.

The Maroon director asserted that fifty-nine university, college and co-ed teams already have entered teams and individuals and that the list will run much higher when nominations close June 14.

Stagg asserted the A. A. U. has acted in an unsportsmanlike manner in slating eastern trials for the national championships on the same day as the big intercollegiate. According to the Midway coach, June 18 was selected for the college meet long before the A. A. U. decided to hold sectional trials, which will take a number of eastern athletes from the Chicago meet.

Entries close June 14 with A. A. Stagg at Chicago, Tom Jones, Wisconsin, and John L. Griffith, Illinois.

DEMPSEY PUNCH RIPS COVER OFF 170 POUND SANDBAG IN WORKOUT

BY RAY PEARSON.

Atlantic City, N. J., June 8.—There are a lot of fellows around Atlantic City who worry.

How Carp Spilled Joe. One of the "regulars" got all worked up when the stitches of the bag ripped. "Well, that shows you what we may expect when Dempsey gets in front of Georges (Carpenter) July 2," was the remark of a Dempsey devotee.

Gale of Steam and Speed. This sandbag has a heavy leather cover, and it would require more than ordinary punching to split it open. But the way the champion is punching these days is far from ordinary, and that accounts for the tragic time "Georges" experiences when Dempsey cuts loose with those terrific left and right hooks.

MAYNARD'S PUNCHING POWER IN LEFT, BOB EDGREN SAYS

BY ROBERT EDGREN.

Atlantic City, L. I., June 8.—[Special.]

Carpenter isn't as severely unconscious of criticism as we have come to believe. He is printed about him in the public press. He is anxious to make a good impression in America. His secret training methods have not been taken to kindly, and under his smiling exterior the pallid Frenchman has been a little worried.

If, as Mayor Thompson will be saying, is just one disappointment after another. So, closely following on the discovery that Viola Dana CAN act, along comes Viola Dana in "Home Stuff".
The kindest thing that could be said for star and picture would be to voice a pleasant farewell with hopes for better luck in future. However, it being the duty of this column to tell what's the matter, what's the matter—or at least what is SUPPOSED to be the matter—behold, here's about it!

To begin with, the story's a bromide. Barnstorming actress brings up hunger at pleasant farmhouse. Goes wild, simply wild, about the cows and chickens and the son of the house, and wonders why did the lure of the stage ever leave her. Papa and Mama Farmer take her to their hearts. She reminds them so much of a daughter who had left them to go on the stage and had been discovered for so doing. The little visitor, believe us, maintains a holy silence regarding her own former affiliations. The daughter comes back knocking humbly at the door. Papa Farmer is about to send her humming on her way when the noble little visitor speaks up: "If you don't let her come back, I'll marry your son and take him away from you!"
Papa wavers. He wants to know how he can be sure she won't do it, anyway.

"I'll fix that!" says the noble little visitor. So, at a party she plays a prank—shimmies and everything—and makes a show of herself. Then, with nobody holding her back, she goes away. And in four years is a great success and "the hardest woman on Broadway." But, "Broadway" Rome there's a tear in your eye—that stuff, you savvy?
Then along comes a playwright with a play. The playwright's the farmer lad. To be and a package of bunk! You know the rest. Viola Dana, with Miss Dana indulging all over the screen, and not doing it well, either! Mr. Galloway, as the farmer boy, is not bad, and others in the cast are pretty good. But the cows and chickens are just as NATURAL!

CLOSEUPS

Grechen Hartman, at one time featured by Fox as Sonia Markova, a "famed Russian star," who retired in Mrs. Alan Hale, is the proud mother of a new daughter.

Among those attending the dancing class institute by Theodore Krolf, violinist and screen player, are Bonnie Love, Gloria Swanson, Lila Lee, Marjorie Daw, Pauline Starke, and Ellen Percy.

Dorothy Gish and her husband, James Rennie, will play stock in Canada this summer. It is Dorothy's first offense, and she is said to be a bit nervous over its contemplation.

Little Charlie Hatten, aged 11, will be Mary Pickford's double in "Little Lord Fauntleroy." Charles is not the only actor in the family. His 8 year old brother, John, has just finished the leading juvenile role in a western production, and he has a 13 year old brother, Will Jim, who can "mum" when necessary calls. It is said the three are buying a house for their mother with their earnings.

It is said that Pola Negri has refused offers from Goldwyn, First National, and Famous Players-Lasker, to join the American forces over here.

Lila Lee passed through town yesterday. Feeling fine—big appetite, two teeth out, and everything!

BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.

HELEN Q: A GIRL 5 FEET, 15 years old, should weigh around 113 pounds. You may allow from three to five pounds either way. Freckles are certainly the bane of a young lady's life, aren't they? On the other hand, I know a young man who claimed to have fallen in love with a young lady on account of the adorable freckles on her tip tilted nose. But if you can't be comforted with that, send a. a. e., and I will send you formula for a freckle remover. But I warn you it is a slow and tedious job.

PEGGY Q: ABOUT THE ONLY way one can make pretty curves out of spindle shanks is to put fat on all over, then in the general distribution the legs will come in for a share. But exercising in the hope of putting fat on legs in a short time is not full of hope, really.

FRECKLES: FOR THE FRECKLE formula, the blackhead, and enlarged pore trouble, send a. a. e., won't you please?

COLETTE Q: A GIRL 20, 5 FEET 5 inches, should weigh about 128 pounds.

A FRIEND IN NEED

BY SALLY JOY BROWN.

I want to be the medium through which the friend in need and the friend in need may be brought together. It may be you have some discarded article which has not outgrown its usefulness that will make some less fortunate one happy. And you would gladly give it if you knew any one who would write to me and I shall be glad to write to you. When information is wanted by mail, stamped addressed envelope should accompany the request. Please do not put the address of the applicant and send direct.

"I am in need of a sewing machine but am unable to buy one as my husband has had a pretty hard time with work. I am to become a mother in a short time and I cannot make everything that is needed by hand and they cost so much to buy ready made. Please do not overlook this as it seems there is no other way for me to get one as we are obliged to save everything we can for the future."

Can any one respond to this request? The address will be sent to you upon request.

"I have a lot of music that some one may be able to use. There are songs—sacred and popular—and piano music including a few exercise and instruction books. E. G. P.
Music is always in demand. There will be several requests for your address, I am sure.

"Dressing the Part" for Every Kind of Summer Play

THE LURE of outdoor joys, the quest for health and happiness, are met by this Store with most complete supplies in all the sports apparel and equipment that go to make Summer days delectable.

For mountain or seashore, horseback or motoring, cottage or camp, links or court—for every warm weather pastime—the authentic dress and accessories are here, lavish in variety and irréproachable in quality.

On this page is a partial presentation of what complete satisfaction is in store for those who intend to bathe, ride, hike, golf or motor, or otherwise partake of Summer's pleasures.

Hats for Every Sport Are Attractively Priced

Many Charming Styles from Which to Make Your Selection

The model sketched is of straw cloth and ribbon, sewed row on row, and comes in many delightful colors.

ENTHUSIASM is waxing strong over our Hats for sports and recreation. Such necessary accompaniments of the sports costume can only be chosen satisfactorily from an extensive assortment which includes the largest possible selection of colors, styles and materials.

Soft, crushable ribbon Hats in many colors are \$3.75. Hats of Batavia and straw, sewed row on row, \$5. Other Sports Hats of fabric or straw range in price from \$6.75 to \$12.

Sports and Recreation Hats, Fifth Floor, State.

"A Friend in Need"

A LITTLE "Blue Rose" Compact containing both rouge and powder with two little puffs and a mirror, all contained in a dainty little box that can be tucked away almost anywhere, is "a friend indeed" on the golf course, the tennis court or wherever the need occurs. Special, 75c.

First Floor, North State.

One of the Joys of Summer—Becoming Parasols

ONE of pongee lined with color is particularly attractive and appropriate to carry with sports clothes, \$12.

Other Parasols, in all the lovely Summer colors, of plain and figured silk and fascinating novelty handles, from \$9 up.

Umbrellas, First Floor, South State.

Our Sports Apparel Section Ready to Equip You for Town and Country Sports

WHATEVER your part in the brilliant scene of Summer playtime, and as many times as the scene shifts from tennis courts to golf links and from golf links to beaches, the play's the better for your being, comfortably and becomingly appareled.

Not only to provide you with correct Sports Apparel but to show always what is the most fashionable in costumes for every kind of sport is the mission of our Sports Apparel Section. All of the assortments present the widest possible variety in colors, sizes and styles, while the very newest of everything is found mirrored immediately in the collections found in this Section.

Bathing Suits and Beach Costumes

in Becoming Modes and Lovely Fabrics, with Much Novelty in Trimming

IF ever a woman must appear at her best, it is on the beach. The Swimming Suit or Costume that can undergo a drenching or a coating of sand and still look well is the only kind to choose.

Bathing Suits seem to be more attractive than ever this season. For instance, the fibre silk Slip, sketched above at right, has a Roman striped border in gorgeous colors against the black, \$20. The Cape on the same figure is a tangerine colored, rubberized satin with gray Turkish toweling, \$32.50. The Beach Costume at left is of brown Canton crepe, embroidered with colored yarns, and the Cap, studded with chrysanthemums, is \$7. There is also an unusually good assortment of Wool Suits at \$5.75 and up.

Silk Sweaters Cast Their Spell of Charm

With Suppleness of Texture and Rich Colorings

A PRETTY Silk Sweater equips you for nearly all kinds of outdoor activities, and, moreover, enhances the appearance of your costume, lending grace and gaiety of color. A galaxy of fine Silk Sweaters makes selection easy and enjoyable. From plain silk tuxedo styles to fancy novelties, the assortment varies, including a crocheted model with deep fringe, an all-over embroidered jersey silk Sweater, and sleeveless styles in beautiful color contrasts. The one sketched above at right comes in black, white, tangerine, navy blue, gray or brown, \$37.50. They range from \$28.75 up.

Sports Coats

AS practical as they are attractive are the jaunty Sports Coats of this season, which give so much variety to your wardrobe when worn with different skirts.

The handsome Coat sketched on center figure above is a novelty silk-and-wool fabric and comes in dark brown only. Very handsome at \$57.50.

Other Coats are of Jersey, Flannel or Silk, an exceedingly smart and varied assortment.

Driving Coats for all Seasons

THE joy of the open road! And the comfort of a smart, warm Driving Coat so necessary during even the warmest months.

The Coat illustrated below at the left is of English tweed, a swaggy brown and white mixture, attractively priced at \$45.

Other smart, practical Driving Coats are of leather.

Very Smart Are Tweed Suits

THE rugged practicality of tweed Suits makes them hard to surpass for general sports wear. Unusually smart Suits of the better qualities are a specialty of this Section.

Depicted here is an attractive Suit of a light imported tweed mixture. It is well-made and satin lined at \$37.50.

Unusual Skirts

UNLESS a Skirt is out of the ordinary it can scarcely compete with the smartness of new models.

The cleverly designed Skirt with the striking border is of plaid white serge with a deep black hem and Roman stripes. On large figure, right above, \$30.

A silk Canton crepe Skirt with Persian figures on seated figure above, white and tan, \$37.50.

The striped Skirt in center above is of fine wool in several color combinations, \$30.

Riding Habits

THE kind of Riding Habit you choose will depend largely on the environment where you spend the Summer. The tan Covert cloth suit below is excellent for city riding paths. It is faultlessly tailored and a very good style, \$115.

Habits of Palm Beach cloth are cool and comfortable, \$47.50. While khaki Suits are popular with beginners and are appropriate for the country or for hiking and fishing.

Sports Apparel Section, Sixth Floor, Wabash.

Comfort and Freedom Given by Correct Sports Corsets

IN this age of sports and active out-door life, every woman, even the slenderest, finds the greatest comfort and freedom from fatigue are given when her figure is supported by the right kind of Sports Girdle or Corset, one which retains the lines of her figure while in no way restricting freedom of movement.

The models here illustrated have been designed exclusively for our Corset Section to meet the increased demand for firm, yet flexible and restful support in all kinds of athletics.

The Models Illustrated from Left to Right Are:

At \$2.50. A narrow Garter Girdle, made of brocade satin, designed with apron back to disguise the figure lines. Snaps in front.

At \$4. Copy of an imported Girdlette, of heavy pink satin, designed for abdominal support only. Same model of exquisite blue satin, \$10.

At \$5. A Topless Corset of satin brocade, which has no lacing in back and hooks up the front. Has strips of elastic and elastic band at waistline.

At \$15. Hip-confiner with long back, made of pink silk tricot, lace-trimmed, hooks up back, with elastic section lightly boned.

Same model in pink hemstitched tricot mesh, \$3.

At \$2.25. Narrow satin Girdle Belt which hooks up the back and has elastic gores to prevent pinching at waistline.

At \$1.50. Garter belt made of elastic and broche material. Hooks up front.

At \$5. A Hip-confiner made of tricot mesh has a wide elastic section in back in place of lacing. Boned to give straight back line and reinforced over abdomen with broche fabric.

At \$10. A copy of an import made of pink silk brocade is cleverly designed for abdominal and lower hip support. The only elastic gore is placed at the top just where needed. Same model may be had of pink tulle at \$3.95.

At \$13.50. Model of pink tricot silk which hooks in front, has boning over the abdomen and back. Is designed with a straight elastic band at waistline. Dainty lace trimming. The same model comes of pink Summer tricot, very attractive at \$5.

At \$29.50. All-elastic Hip-confiner with non-elastic back section producing the desired flat back.

Fifth Floor, South Wabash.

Brassieres Designed Especially for Sports Wear

OUR large collection comprises Brassieres of many different styles, of attractive materials, many of them delightfully trimmed and pretty enough to wear beneath a sheer blouse. They are made with such features as elastic insets in shoulder straps, and close fitting, elastic waistlines which cause them to stay in place in spite of extensive arm movement. Sketched from left to right:

At \$8.50. A combination of pink satin and granadine silk, with elastic expansion at waistline. The same model very attractive in pink tricot mesh, \$2.

At \$4.50. An all-over lace Brassiere with extra long lace, back-fastening, is net-lined with an elastic expansion at waistline.

At \$1.50. Back-fastening model is made of Summer mesh with wide elastic belt at waistline in back. Elastic insets in shoulder straps.

At \$2. Hemstitched pink tricot mesh back-fastening Brassiere with firm diaphragm belt, has wide elastic band in back and elastic insets in shoulder straps.

At \$2. A long line firm net Brassiere is reinforced at waistline and under arms, with elastic inset at shoulders and waistline, allowing exceptional freedom. Front-fastening.

Corset Section, Fifth Floor, South Wabash.

Knitted and Sleeveless New Sports Dresses

ONE-piece Dresses for golf and other sports permit the utmost comfort and freedom of movement. This is especially true of the knitted silk Dresses introduced this season.

The unusual Dress at the right is knitted of the finest silk in either taupe or gray with tangerine colored stripes, \$120.

It's sleeveless! This alone is all you need to know about the Dress at left if you want the latest style. It comes in green, orchid, yellow, or Copenhagen blue linen piped with white, and is moderately priced at \$10.75.

Other sleeveless models are shown in tweed or jersey at interesting prices.

Extensive receipts of lambs caused a slump in the market, most native and California springs selling 50¢ to 75¢ less than the top to packers and 10¢ to 15¢ less to city butchers. Closing prices were the lowest of the day, with a general decline. Best aged lambs topped at \$12.25. Sheep sold mostly 25¢ lower, with 10¢ to 15¢ California ewes at \$5.00 and Texas wethers at \$4.50.

Disparately small receipts and a heavy general demand improved conditions in the cattle trade. Prices ruled steady to 25¢ higher. Armour paid \$9.00 for 64 lb steers and heifers mixed and 10¢ to 15¢ more for New York trade at the same price. Native butcher stock showed little change, with feeders steady and calves 25¢ higher.

New Mart Shows Weakness.

After starting in strong at 15¢ to 25¢ advance the hog market closed weak, with the gain lost and 75¢ left in the price. Largely in possession of space. Big packers refused to follow the early advance and several, including Armour, remained out of the trade.

The day's top for fancy light hogs advanced 25¢ to 15¢ and the general average at \$12.25 was 15¢ above Tuesday. Comparatively few hogs sold below \$7.75, the price range being still more compressed.

Western markets received \$9.00 to \$9.50, \$9.00 and \$8.00 sheep, \$8.00 to \$8.50 cattle, \$7.00 to \$7.50 hogs, and \$5.00 to \$5.50 calves.

FLOODS CARRY WHEAT UP 21-4C; MARKETS NERVOUS

BY CHARLES D. MICHAELS.
Expectations of a wet harvest in the southwest, owing to the floods and heavy rains in Colorado and Kansas, brought good support to the wheat market from local professionals and seaboard exporters. Prices advanced and closed at the top, with gains of 2 1/2 to 3 1/2 c. on July, while September was unchanged. Corn and oats were heavy; corn lost 1/2 c. and oats 1/4 c. Rye was strong and gained 2 1/2 c., while barley was unchanged.

Wheat traders were mainly shut out at the start and the wet weather in the southwest, where harvesting is starting, offset the effect of claims of 131,000,000 bu. for the wheat harvest of Kansas by Allan Logan of Kansas City, who has many crop reports. The effect of the break in foreign exchange, which also was operative as there was a ready absorption of offerings on all breaks by seaboard houses.

Wheat Market Is Nervous.
The market was nervous and prices moved up and down within a range of 1/2 to 1 1/2 c. about six times, with the close at the top. Buying of July and selling of September to undo spreads strengthened the July and weakened the September, which was made up to 1 1/2 c., with the close at 1 1/2 c. to 1 1/4 c.

Forable crop news for corn, scattered rains over the central west, reports that considerable of the crop has been cultivated and is coming along nicely, and large receipts and liberal selling had a depressing effect. Sample grades were 2 1/2 c. lower. The selling was led by houses with eastern connections, while buying was scattered.

Oats were under pressure from interest that have been active on that side for a week. Heavy selling of September by cash houses, that bought July at 1 1/2 c. difference, and selling of September by Wagner were features. Crop reports from Indiana were spotted, and from the country on the whole favorable, July finished near the inside, at 2 1/2 c. to 2 1/4 c. with September at 40 c.

Rye had good support, with offerings light. Price closed at the top at 1 1/2 c. for July, with cash 1 1/2 c. premium.

Close on Provisions Is Tame.
Hog receipts were below expectations and offerings of product light until prices advanced, when they increased, causing a break and tame close. Lard, lower, gained 3/4 c. and ribs closed unchanged. Cash trade was better, with more inquiry from abroad for meats and lard, the United Kingdom bidding higher prices than at late. Prices follow:

CASH GRAIN NEWS

There were claims of 500,000 bu. wheat having been sold at the seaboard for export, despite the bad drop in exchange, but the business was mainly in small lots. General demand is lacking. Domestic shipping sales of cash grain at Chicago were 36,000 bu. wheat, 51,000 bu. corn, and 105,000 bu. oats. Sales of 400,000 bu. corn were made to seaboard exporters. No cargoes were reported.

Premiums on red winter wheat at Chicago advanced 1/2 c. while hard winters were unchanged. No. 1 red sold at 34 1/2 c. and No. 1 hard at 30 1/2 c. over the July, while No. 1 northern was 28 1/2 c. over. Receipts, 30 cars.

Demand for cash corn was much less urgent and yellow and white, which was selling at July prices recently went as low as 46 1/2 c. under the future. Sale values were 1/2 c. lower early, and 1 c. lower at the last. Receipts, 654 cars. Outside markets were unchanged to 2 c. lower, with St. Louis leading. Industries at Chicago withdrew from the market and sample grades declined 3/4 c. Offerings of oats were not large and demand fair, with No. 2 white mainly lower under the July. Sample values were 1/2 c. lower. Receipts, 235 cars.

WORLD'S GRAIN MARKET NEWS

The government report on wheat was generally construed as bullish and active buying of wheat, with a good advance, was on after the report came out.

U. S. CROP REPORT FOR JUNE

CUT 5,000,000 SPRING WHEAT CAN

A crop of 2,496,000,000 bushels of wheat, oats, rye, and barley is forecast by the government report for June, issued today.

The crop-reporting board of the bureau of crop estimates makes the following estimates from reports of its correspondents and agents for the United States:
